REQUEST FOR PROPOSALS

Competitive Funding for ThinkFirst Injury Prevention Projects
State Fiscal Year 2017

The Head and Spinal Cord Injury (HASCI) Division of South Carolina Department of Disabilities and Special Needs (SCDDSN) announces anticipated state funding for projects that will increase evidence-based ThinkFirst injury prevention efforts in our state. State and local non-profit organizations, consumer groups, and/or local DSN Boards are eligible and encouraged to apply. Projects must be implemented between September 1, 2016 and June 30, 2017.

The ThinkFirst National Injury Prevention Foundation, formally known as the National Head and Spinal Cord Injury Prevention Program, was first implemented nationally in 1986. ThinkFirst programs are aimed at helping young children, youth, and teens learn about personal vulnerability and the importance of making safe choices. ThinkFirst curricula and supplementary materials are research-validated and have received national and international recognition. More detailed information about the ThinkFirst program and establishing a chapter can be found at www.thinkfirst.org. Bonnie Muntz-Pope, BSN, RN, CNRN, is the South Carolina ThinkFirst State Director. She can be contacted at (843) 637-4304 or b_kay@comcast.net.

Contingent upon available funding, it is estimated 6-10 projects will be funded through a competitive selection process. Newly forming ThinkFirst chapters may apply for up to $2,500; existing chapters may apply for up to $1,700. Funding must include initial or renewal fees to ThinkFirst National Injury Prevention Foundation. Up to $4000 may be awarded for a statewide project to recruit, train, and support Chapter leaders, Health Educators, and VIP Speakers. Notification will be made in August 2016 and SCDDSN will subsequently execute a contract with the selected organizations. A Final Project Report must be submitted to the HASCI Division by 7/15/17.

Proposals must focus on prevention of traumatic brain injury and/or spinal cord injury using ThinkFirst approaches. Leading causes of death and disability from such injuries in South Carolina include motor vehicle crashes, firearms, suffocation, falls, sports injuries, and violence. Examples of injury prevention initiatives are attached as Appendix B.

The Injury Project Selection Committee will consider the following criteria when evaluating proposals:

- focus on implementing ThinkFirst efforts with youth and teens (4th - 12th grade);
- utilization of trained Health Educators and VIP Speakers (people with TBI / SCI);
- inclusion / integration of injury prevention activities in local service delivery;
- linkages with local health education programs and/or local prevention initiatives;
- geographical dispersion of newly formed ThinkFirst chapters and partnering entities;
- appropriate project budget, implementation, and evaluation; and
- feasibility of project activities to continue.

Applications must be received by Friday, July 29, 2016. Faxed or E-mailed copies will not be accepted. One (1) original and three (3) copies of applications must be mailed or delivered to:

Melissa Ritter, Interim Director

FY-2017 *ThinkFirst* Injury Prevention Project Application

**Project Title:** ____________________________________________________________

**Total Funds Requested from SCDDSN:** ________________________________

**Applicant Agency/Organization:** __________________________________________

**Project Coordinator:** ____________________________________________________

**Work Address:** __________________________________________________________

  City ___________________ State _______ Zip ______________

**Work Telephone:** (____)______________  **FAX Number:** (____)______________

**E-Mail Address:** _________________________________________________________

**Supervisor of Project Coordinator:** _________________________________________

**Work Address:** __________________________________________________________

  City ___________________ State _______ Zip ______________

**Work Telephone:** (____)______________  **FAX Number:** (____)______________

**E-Mail Address:** _________________________________________________________

**Agency/Organization to administer or serve as fiscal agent for the project contract:**

**Name:** ________________________________________________________________

**Federal or Tax Identification Number:** _____________________________________

**Fiscal Administrator**

**Name and Title:** _________________________________________________________

**Work Address:** __________________________________________________________

  City ___________________ State _______ Zip ______________

**Work Telephone:** (____)______________  **FAX Number:** (____)______________

**E-Mail Address:** _________________________________________________________
All five (5) sections of the Project Narrative indicated below must be addressed:

I. **Problem to be Addressed / Magnitude of Problem**
Summarize the injury problem you propose to address in your statewide or local project.

Data concerning injury-related deaths and non-fatal injuries are available on the following two websites: www.scdhec.gov/injury  www.scdps/ohs

II. **Proposed Project Description**

1) **Project Goal:** A broad statement of purpose of the proposed project.

2) **Target Population:** The target population for the project, including estimated number of individuals to be involved with or reached by the project.

3) **Objectives:** Discreet objectives to reduce the incidence or risk of injury. Each objective must be related to the goal of the project.

4) **Approach:** General strategies and activities to accomplish each objective

III. **Collaboration/Partnerships**
Identify the organization(s), agency (ies), or program(s) that will be involved in the proposed project.

For each identified entity, specify the type of involvement, such as sharing resources, conducting joint activities, collaboration with training, or additional funding source.

IV. **Project Implementation Plan**
Complete the form provided as Appendix A for each objective listed above in Section II. Specific activities to accomplish each objective must include responsible person(s), target group/number to be served, target dates, and a measure of documentation/evaluation.

V. **Continuation Plan**
Describe plans to continue or expand project activities after SCDDSN funding expires. Include other organizations, agencies, or programs to be involved in continuation, as well as possible sources of future funding.
## ThinkFirst Injury Prevention Project Budget

### A. Estimated Expenditures

Salaries and equipment purchases are not funded within the scope of this contract. Funds must be expended as proposed unless prior approval is given by the HASCI Division.

Examples of *ThinkFirst* Injury Prevention Projects

Develop a new *ThinkFirst* chapter, partner to expand area of an existing chapter, or strengthen effectiveness of an existing chapter to:

1. Conduct statewide and/or local activities to raise awareness of traumatic brain injury / spinal cord injury and their common causes. Encourage community agencies and organizations to educate young children, youth, and teens about prevention of these lifelong disabilities.

2. Collaborate with schools and community organizations to offer *ThinkFirst* curricula to educate children, parents and teachers about prevention of unintentional injuries.

3. Expand on previous local prevention projects and offer programs statewide. Collaborate with school districts, community organizations, and HASCI Resource/Drop-In Centers.

4. Recruit and conduct training workshops for V.I.P. (Voices for Injury Prevention) speakers who are survivors of traumatic brain injury or spinal cord injury.

Recommended Community Organizations / Agencies for Collaboration:

| South Carolina SAFE KIDS Coalitions | Local Health Departments |
| School Districts                  | After-School Programs   |
| Law Enforcement                   | Child Development Centers|
| Emergency Medical Services (EMS)  | Recreation Departments  |
| American Red Cross                | Bicycle Clubs           |
| Churches                          | Motorcycle Clubs        |
| Spinal Cord Injury Support Groups | Brain Injury Support Groups|
| Colleges / Universities           | Hospitals                |
| Local DDSN Boards – HASCI Divisions |                         |
